Subject: Offshore activities - pollution liability and related issues

Dear President,

I am writing in my capacity of Titulary Member of the CMI in response to your attached questionnaire regarding the collection of information about existing regional and bilateral agreements on transboundary oil pollution from offshore activities

In this respect, I am pleased to inform that my country, Senegal , is a Party to the 1981 Convention (and its 1985 Protocol) for co-operation in the protection and development of the marine and coastal environment of the West and Central African Region, generally called "The Abidjan Convention". It contains provisions dealing with both issues of liability and compensation.

Sincerely Yours

Dr. Aboubacar FALL
