

CMI NEWS LETTER

Vigilandum est semper; multae insidiae sunt bonis.

COMITE MARITIME INTERNATIONAL

TWENTY YEAR INDEX (1976-1996)

Foreword

It has been one of the great many ideas of Kaj Pineus that of publishing a quarterly News Letter of the CMI. He chose the motto – *Vigilandum est semper; multae insidiae sunt bonis.* – that since the first issue appears under the title.

The first issue of the CMI News Letter was published in October 1975 and since then the News Letter was published quarterly.

A great many officers of the CMI and members of National Associations contributed to the News Letter and to all of them the CMI is grateful.

In addition to Kaj Pineus, however, another great CMI personality must be mentioned: Henri Voet who, with Kaj Pineus and subsequently after his death, devoted so much time and efforts to keep the News Letter alive.

I have thought that an index of all issues published in the just over twenty years of life of the CMI News Letter was the best way to honour those who gave birth to and were responsible for it during most of that period.
